

New Year's Caution—

An open letter from the National Safety Council and the San Mateo County Traffic commission this week cautioned motorists on the dangers of indiscriminate New Year celebrating.

Said the letter: "The Holiday season is one of gaiety, excitement, rejoicing—and it should be. But in the twinkling of an eye a gay New Years party can become a tragedy—with a toll of killed or crippled. The future that had seemed so bright a moment before is turned to black despair—all because a driver had been drinking.

"People who like to think they can hold their liquor will probably pay for their mistake sooner or later, for even a little liquor affects one's driving skill.

"Be intelligent: If you drive, don't drink—if you drink, don't drive."

San Mateo Headaches—

Now that Christmas is over, the city of San Mateo can forget its street decorating troubles and relax.

The holiday season has been just one long series of headaches to the San Mateo Chamber of Commerce, who bought huge boxes of elaborate Christmas decorations only to see them destroyed in a warehouse fire before they could even be hung up.

The second consignment of wreaths fared little better, being badly damaged in a wind and rain storm which ripped most of them from their places.

Last week a fire caused by a short circuit started a blaze in the decorations, necessitating the disconnecting of the lights.

Federal Survey To Start At Once

Federal action to stop the tremendous toll of soil erosion in the rich agricultural areas of the northwest section of San Mateo county will start shortly after January 1, it was announced today by County Engineer M. A. Grant.

Operating under the San Mateo Soil Conservation district, first of its kind in California, seven federal soil conservation experts will launch a survey to identify soil types, determine the extent of erosion, and establish the procedure to be followed to prevent destruction of the area as productive farm and grazing land.

The work will be undertaken under the supervision of George W. Gosline, area conservationist with headquarters at Watsonville. Gosline characterized the erosion problem in the San Mateo County district as comparable with the worst in his wide experience.

Speaking of the erosion problem here, Gosline said there is absolutely no effort to use soil or moisture conserving practices. In some cases, he said, even the grazing land is being denuded by over-grazing, and turning cattle into the pasture lands too early in the spring. This practice, he said, kills the natural forage.

J. H. Kane, secretary of the soil conservation district, announced that the present 17,000-acre district will be nearly tripled in size if the board of directors approves requests from land owners to be included in the district. Owners of 32,529 acres not now included in the district have made written requests for inclusion, he said. All that is required is favorable action by the directors, he explained.

"Peace On Earth" Theme Expressed In Decorations

The "Peace on Earth, Good Will to Men" theme was admirably expressed in many of Daly City's Christmas decorations.

In Colma, L. Bocci has outside his home a six-foot silver cross bordered with red lights that shed its glow on El Camino Real. Through the large front room window, around which are red lights, can be seen a gaily decorated Christmas tree.

The grill work below the win-

dow is also bordered with red lights and motorists traveling down the Peninsula at night invariably slow down to get a longer view.

Mr. and Mrs. Leon Bayard de Volo have worked out a novel and awe-inspiring decoration in front of their apartment house on Washington and San Pedro road.

A huge fire-place and chimney, made to simulate red bricks, towers from the sidewalk skyward above the roof.

The apartment door-way forms the fireplace and on the edge of the mantel above the door is the lighted greeting, "A Merry Christmas to All." On each side on the mantel are huge lighted candles, in old-fashioned candlesticks.

Higher on the chimney is a wreath and on the roof, Santa himself, with sacks of toys over his shoulder, is starting to go down the chimney. To complete the picture, Mr. and Mrs. de Volo's Christmas tree is seen through the window to the left of the chimney, and Mr. and Mrs. A. Cipro's tree through the window to the right.

On Junipero Serra boulevard a string of vari-colored lights half a block long decorates the cypress hedge in front of the Lake Merced nursery. Stately silver tipped firs, rising at each end of the hedge, festooned with lights, cause passers-by to stop and admire.

Lights of all colors draped on

the shrubbery around the two fish ponds, and shedding a subdued light on water, frogs and little gnomes, make the setting look like a Walt Disney fairyland.

Mike Constantine, at Evergreen and Winchester, has decorated his twelve-foot cypress with myriads of lights. Hundreds of little reflectors catch the light and shimmer to give the effect of twinkling stars. A string of lights along the eaves of the house completes the picture.

George Nick's garden on Hillcrest avenue, a work of art at any time, is now doubly beautiful. Two hundred and fifty feet of California privet hedge, surrounding

Old Man 1939 Retires

A lot of mighty queer people have barged into the Record office during the past year, but this old duck was the funniest one yet.

"I say," he cackled in a high thin voice, giving a hitch to a sort of nightgown arrangement he had draped around him, "can you tell me where I can find a likely young fellow looking for a pretty tough job?"

Well, we didn't know any and told him so. And we had a pretty tough job ourselves and we told him that, too.

"Oh, you and your newspaper!" he scoffed. "You only print headlines. I make them. You're all an excitement-mad lot," he said shaking his head. "News! News! News!"

We should have thrown him out on his ear, but somehow his wild raving interested us. And besides he had started muttering again.

"Yes, siree, Daly City has been a pretty interesting place this last year. People living, dying, laughing, fighting, marrying—A young city, growing, ambitious, hitting its pace in a fast-moving world. New city hall, Daly City Day at the Fair, high-school swing band, Daly City Directory, new bus system—"

Our brain was beginning to catch fire, too. The fascinating game of the headlines—black and white print spinning a fast-moving tale of joy and sorrow, romance and progress and high endeavor. Headlines of the Year 1939, whose tale was almost told—whose printed black and white letters wove the web of our lives here in Daly City and cast the shadows before of the years which were to come—

Then of course we got into quite a conversation with the old gentleman. It developed that he himself was the Old Year 1939 (or so he said), looking for the new year. And here are a few of the highlights he mentioned:

Jack Faulk Wins Block Letter

Jack Faulk, 1022 Hanover street, freshman of Jefferson Union high school, was presented with his block letter recently. This presentation puts Faulk in a class by himself, as he is the only student ever to receive the coveted Jefferson "J" during his freshman year.

Also having made the football team in his first year, on which he played right tackle, Faulk is expected by his coach and team mates to 'go places' before he finishes high school.

Tommy Fazinden Wins Bicycle

Tommy Fazinden couldn't wait for Santa Claus to bring him a new bicycle, so he "upped and won one for himself."

Tommy received the \$50 bicycle as first prize in the American Shoe company's annual contest which closed last Wednesday. A radio was the reward of Melvin Johnson, runner-up, and third prize, a wrist watch, went to Frances Barrone.

All contestants received prizes. Competing in addition to the first three winners were Bill Bellanda, Jacqueline Donahue, Leonard Nordgren, Virginia Davidson, George Valent, Richard Dale, Kenneth Martin and Richard Adams.

Satire and National Life

Satire, like the poet's Lily of Mad, is born of corruption; and the "secret mud" that generates it is full of poisonous germs of suspicion, envy, hatred, malice and all uncharitableness. In the literature of a nation satire is generally one of the latest forms of self-expression to be developed and brought to perfection. For the natural impulse of literature, and especially of poetry, is the celebration of what is beautiful and revered.

Lake George Discovery

Lake George was discovered in 1646 by Father Isaac Jogues, known as the French ambassador of peace to the Indians. A statue of the priest and explorer has recently been unveiled on the shores of the lake.

Ready for "March of Dimes"

WASHINGTON, D. C.—Keith Morgan (left), National Chairman of the Committee for the Celebration of the President's Birthday, hands Commissioner George E. Allen, of the District of Columbia, his Certificate of Authority as Chairman of the March of Dimes Committee for the "Fight Infantile Paralysis" campaign. Commissioner Allen will direct distribution of "March of Dimes" birthday cards in all the states which will be filled with dimes and sent to President Roosevelt at the White House.

These donations of dimes are the ammunition in Americas' war against the invisible enemy which cripples little children. Under the campaign plan 'one-half of all "March of Dimes" donations will be returned to the counties where raised. These donations will be turned over to the Chapter of the National Foundation for Infantile Paralysis embracing that county. The other fifty per cent will be sent to the Committee for the Celebration of the President's Birthday and be turned over by the Committee to the National Foundation.

"PEACE ON EARTH" THEME

ing the garden, is interwoven with lights of every color and hue.

In one end of the garden is a large fish pond, with a five-foot light-house that blinks on and off. Around the base of the light-house, close to the water, are novel flower-shaped lights. Two feathery plumes of water form a small fountain which catches the different colors in its spray, and creates an iridescence more brilliant than a rainbow.

In the center of the garden is a large fountain, lined with green tile and illuminated with red and green lights. Dotted around the velvet green lawn are dwarf shrubs, each with its own lights, and against the hedge on the south side is a silver star, seven feet from point to point, lighted by dozens of tiny lights. A large Santa Claus over the arched gate looks down on the whole garden, which appears as colorful as Munchkin Land in the "Wizard of Oz."

Garden Village has let its imagination run riot with outstanding results. A huge lighted star hangs above the arch at the entrance, with the blue spruce trees on each side of the street lit with 350 alternate red and green lights.

Paul A. Wolter says Merry Christmas with silver letters three feet high, and has a wreath tied with a giant-size red bow at the entrance of his house.

The knotty pine front of George Nickson's home, with icicles hanging from the eaves and soft colored lights casting a warm glow, is reminiscent of a mountain cabin home.

Thomas Bocci's Christmas tree, gaily lit, is visible through a window festooned with a garland of lights. Two single flood-lights, hidden in the two shrubs beside the sidewalk, give the shrubs and lawn a warm, soft appearance.

Through Bill Davidson's front window can be seen a tableau of mother and father leaning over a baby's crib, and the replica of a

fire-place is built on the front porch.

Espie Stafford's front door has a huge lighted candle on each side, and on the court-yard fence 'Merry Christmas' has for its background Maggie and Jiggs, the Captain, Mrs. Katzenjammer, Hans and Fritz and other comic strip characters.

A. J. Bodien, superintendent of the water department, had the pumping plant grounds at Citrus and Niantic streets decorated with more than two hundred lights. Colored lights on arbor and hedges, with the two evergreens in the center of the lawns a cluster of light, was the water department's way of extending Christmas greetings to Daly City.

Many other beautiful and artistic decorations, too numerous to mention, were seen on every street, and gave proof of many hours of time and effort spent by local home owners. General public opinion seems to indicate that the custom of decorating grounds and homes is one that should be followed every Christmas season.

About Your Municipal Busses

By Mayor Paul G. Selmi

Good rapid transportation is a necessity to the development of any progressive community and when this is established, progress is the result. It is readily admitted that our bus system to start with is not all that's to be desired, inasmuch as we are operating with only two busses to inaugurate the system, but we look forward to the addition of more busses consistent with public support.

Since the inauguration of our own Daly City municipal bus system it is gratifying to find that the progressive and civic minded business men of our city are unanimously united to wish it every success. This is shown in their advertising in the busses and in their wholehearted efforts to acquaint their trade with the bus system.

The success of this system means greater value to your real estate, new building activities, which also mean more business. It is without question the duty of every civic-minded resident of this city to support these busses and insure their success. This wholehearted support from a purely selfish standpoint means more money to your city and greater value ultimately to your holdings in property.

We point with pride to our growth in the past twenty years as against that of adjacent sections. The transportation into any of these sections is still poor. This bus system has not alone improved our own city's transportation but the transportation of adjacent sections as well.

The administration which gave us this system also gave us such other worthy civic projects as the new section of the library, the city hall, WPA recreation project and street improvements.

The City of San Francisco has now approached the saturation point in available space for home-building and it is obvious that the trend of home building from that city will be to the south. Already various large real estate operators are now, or are contemplating in the near future, the development of residential subdivisions in the extreme northern end of our county.

Surveys now being carried on by the superintendent will ultimately re-route these busses over the heaviest populated areas. In the past few days a new routing has been put in effect with a speeding up of the headway tapping the center of Hillcrest and through the center of Vista Grande section along San Diego avenue.

These surveys will continue to the point where the greatest number of our citizens will have the minimum of effort in reaching the bus lines. This re-routing in the second day of operation showed a 25 per cent increase in passengers carried.

The running time from Colma to the "K" municipal lines is 16 minutes and from the "K" lines to the ferry, San Francisco, an additional 23 minutes. The headway on the "K" line is two and one-half minutes.

In March of this year, eight months before the actual operation of these busses, query cards were mailed to all water-users of this city. Within two weeks 30 per cent of the population of Daly City returned these cards with an overwhelming majority of over 90 per cent expressing their desire for an approval of a municipal bus system.

As a progressive, good citizen, and for your city's future progress and growth you owe it to yourself to patronize, boost and develop your municipal bus system.

THANK YOU.

Thanks a Lot!

Thirteenth Installment

History of Daly City Fire Department

(Editor's Note: This is the thirteenth installment of an informal history of the Daly City Fire department, dedicated to "those who serve—not for personal gain—but for the welfare of all.")

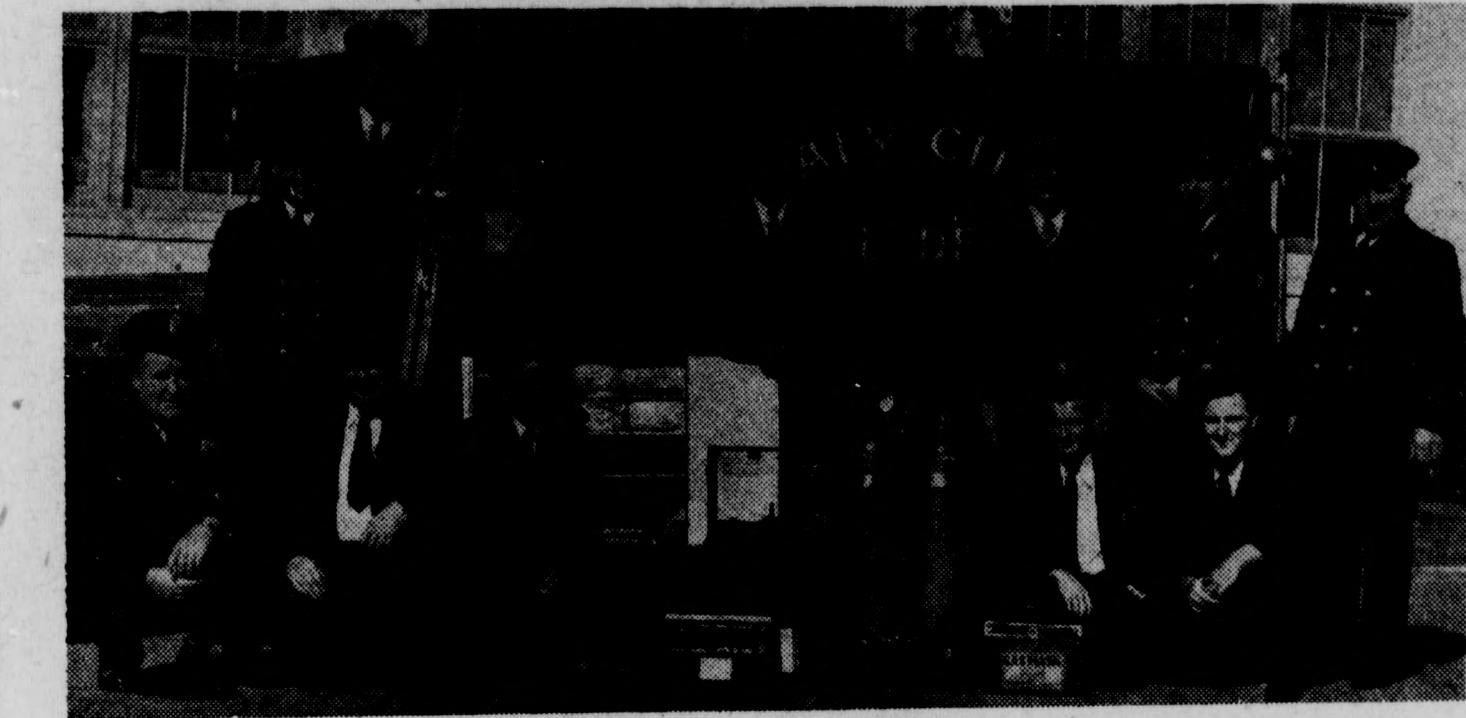

Through the cooperation of William J. C. Goldkuhl, E. W. Goldkuhl sr., and Edward W. Goldkuhl jr., authors, and the Daly City Record this interesting story is made available to the general public.)

With a view to affecting public improvement, various members in the department found it expedient to complain continually about the street situation in the city. Through these complaints, which were of a constructive nature, the council often took action to remedy these faults.

On March 14, 1923, fire extinguishers were added to the three school buildings. During this month the first talk circulated in the fire department to form a Veteran Firemen's Association. It was the plan that the veterans' organization be composed of all members having five years service in the fire department.

Fire departments of November 14, 1923, went on record as wholeheartedly endorsing the bonds for the extension of the Daly City water system to the Crocker Tract district.

During the early part of 1924, at a joint meeting of the various companies, the idea of outfitting the members of the department in full dress uniforms was proposed. Ways and means of raising the necessary capital were discussed. It was finally hit upon to have a gigantic picnic in which all members of the department would participate. The receipts from this picnic would be distributed among the various companies to enable them to purchase uniforms. This picnic idea blossomed into

a reality in the year 1930 and became one of the major social functions of the fire department.

The year 1924 also saw the fire department in its capacity as protector of the city's homes recommending to the Board of Trustees that the worst of the shacks in the town be destroyed, as they were fire hazards. The Board of Trustees adopted this idea, and started to condemn shacks which were a menace to the safety of the town.

In February, 1925, a letter in reply to one sent from Company Number 4, signed by Captain A. Bodien, was received from the State Industrial Accident association explaining to the members of the Daly City Fire department that no member was eligible for

compensation unless the apparatus, houses, etc., were owned by the city. Further, the communication stipulated that the chief must be appointed by the city council.

In order to make this condition

possible, the fire department recommended to the city council that it take over all fire property and pay the members \$1.00 a year as firemen.

Charles Miller Ninety Years Old

There will be ninety candles on Charles Miller's birthday cake on Saturday when he celebrates his birthday at his home at 148 San Diego avenue. Invited to the party are Mr. and Mrs. E. Lewis, Mrs. D. Jones and Mrs. Maud Leshner of Daly City; Mr. and Mrs. M. Schwab and Mrs. Alda Riley, Mr. and Mrs. Steven Passafiume, jr., San Francisco, and C. W. Kinsey, Oakland. Miller's son, William Miller, San Francisco, will complete the list of guests.

Born in New York state in 1849, Miller came to San Francisco in 1884. His first job here was with the Sutro Street Railway company's line on Howard street as conductor on the old horse cars, which ran from the ferry to the turn-table at Twenty-sixth street. He also took the North Beach-S. P. Depot run when the driver of that line failed to appear for work.

After a short time Miller decided to get into his own trade and went to work for the Illinois Glass company, where he was made foreman. He kept this job until he retired about ten years ago.

Miller can tell of many changes which have taken place in the last five decades and is probably one of the oldest of Daly City's citizens.

Santa Visits Eagles' Party

Approximately 300 children of members of Colma-Vista Grande Aerie No. 1848, FOE, received presents Thursday night, when Santa Claus himself (Melford Batte) visited the annual Eagles' Christmas party at Eagles hall.

Parents and children filled every available seat in the hall and only standing room was available when the program started. Fire Chief Andrew P. Chesney, Assistant Chief Arthur J. Bodien, and members of the Daly City Fire department earned the thanks of committeemen in the efficient handling of the crowd.

An excellent program was presented through the cooperation of Dr. Ivan T. Budaeff and Dante P. Lembi. Miss Olga Erdikoff, accompanied by her singing teacher, Mrs. Turjeau, sang several numbers. Accordion solos were rendered by Louis Delia and Bernard Orovitz. The Jefferson Union high school Cowboy Band, presented by Lembi, topped off the program with a variety of numbers ranging from swing to prairie songs.

Secretary Bill Bolger skillfully handled the distribution of the huge pile of gifts, assisted by Committee Chairman Edmund Cavagnaro and John Craig, President Bert Meritt, Fred Hanel, Dan Gray and Herb Hopper.

The Eagles' committee expressed thanks to Joseph Sarto, proprietor of the Villa Sanitarium, for donating a large number of the gifts that were presented to the kiddies.

NO MEN ALLOWED IN FILMIZATION OF "THE WOMEN" WHICH OPENS TOMORROW AT THE DALY CITY THEATRE

Coming as an answer to that perennial question: "What do women talk about when they're alone?" "The Women," filmization of Clare Boothe's outstanding stage success, opens tomorrow on the Daly City theatre screen with an all-star cast of 135 women headed by Norma Shearer, Joan Crawford and Rosalind Russell. The play ran for 666 performances on Broadway.

Miss Shearer plays the role Margalo Gilmore created on the stage, Miss Crawford does the part done by Betty Lawford, Miss Russell the Ilka Chase role, Paullette Goddard the Audrey Christie part, Joan Fontaine the character done by Adrienne Marden.

The screen cast comprises thirty-five principals and a total of 135 featured speaking roles in all. Not a single man appears anywhere in the picture, although nine-tenths of the dialogue concerns men.

More than 100 coiffures were created for the principals, not one of them being duplicated. A total of 237 gowns were created specially for the players.

Joan Crawford was required to spend eleven hours in a foam bath in a glass tub for one sequence, losing eleven pounds as a result. A "bath-bubbler" was employed to keep the foam covering her during the two days of work. Even under hot lights, the special suds remained for fifteen minutes.

Most unusual scene in the picture is the knock-down-and-drag-out-fight between Miss Russell and Miss Goddard on the Dude Ranch set. It required three days to film, a total of 24 hours. Each contestant had to have five complete changes due to the rough handling of their clothes.

Companion feature on the new bill is "Way Down South," starring Bobby Breen and Allen Jenkins.

New Law Offices Opened on Mission

A recent addition to Daly City's professional men is Romolo L. Ariani, San Francisco attorney-at-law, who has opened a branch office here at Wellington and Mission streets, to which he will devote the major part of his time. He also has law offices at 1 Montgomery street in San Francisco.

Ariani has practised law since 1937; is a graduate of the University of California and Hastings College of Law, with A. B. and L. L. B. degrees. He worked his way through law school and has had a various business experience as well as thorough legal training. A member of the Commonwealth club, University of California club and Young Men's Institute, Ariani is of Italian extraction and speaks both Italian and French.

While engaging here in a general practice of law, Ariani will specialize in probate and insurance law.

Jeff Indians Enjoy Party

The Indians of Rhythm, who have entertained thousands during the past year, put on an entertainment for themselves Saturday night in the Theater hall, at their Christmas party.

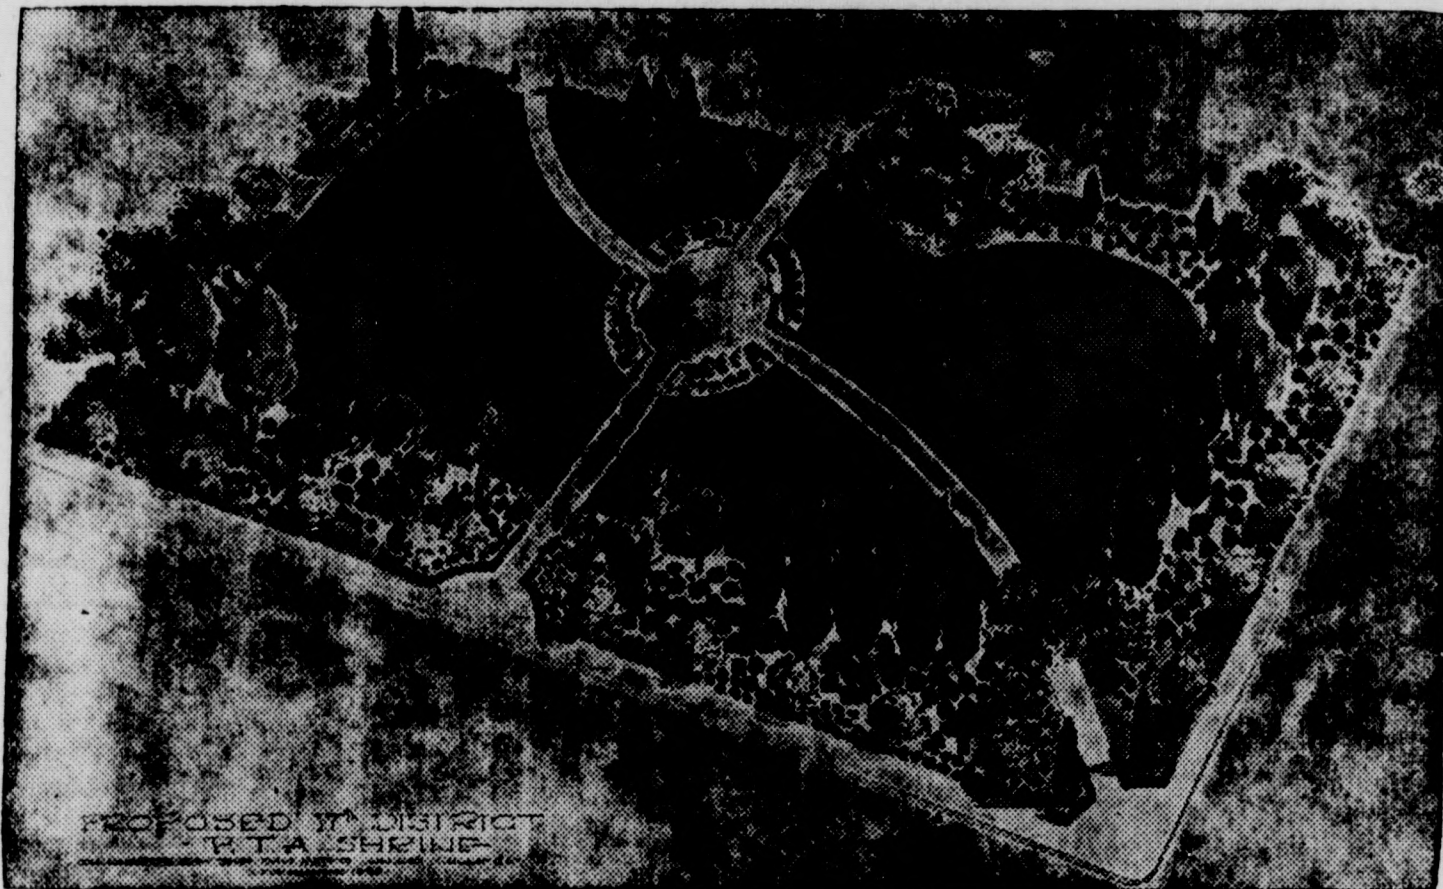

The band and their friends got together over a buffet supper and after refreshments held a jam session and dance. Many of the Indians, for the first time, had the pleasure of dancing to their own music.
